Forecast for Sunday 24 Apr 2022

Weather: Dry with mainly clear skies overnight. However, low cloud and mist could become extensive across the Eastern Cairngorms and Aberdeenshire Hills. This low cloud and mist will clear during the morning, otherwise dry and bright with sunny spells developing widely by afternoon. Dry and mostly clear in the evening, perhaps more extensive cloud returning later.

Chance of cloud-free hill tops above 800m: 90%, but 30% early and late in the day across the Eastern Cairngorms and Aberdeenshire Hills.

Low Cloud and visibility: Mostly no significant cloud, but occasional or extensive cloud at first (and perhaps late in the day) across the Eastern Cairngorms and Aberdeenshire Hills, base 300m or less. Visibility mainly very good, but poor or very poor in any low cloud.
